ARENA CREATES BLISS WITH SPA REFURB

Award Winning Tiling Contractors Arena Tiling Limited, have recently completed the refurbishment of the Thurlestone Hotels new spa named Voyage.

The tiling package was the vital element to the multi million pound Spa refurbishment and re branding at the South Hams located prestigious hotel. Arena's involvement at a very early stage in the project, working closely with the appointed designers, was vital to create the vision of "Hey day ocean liners and a blissful journey of relaxation".

Arena were appointed based on their level of expertise and attention to detail on similar projects along with the quality of finish on previous contacts at the Thurlestone Hotel.

The team at Arena were able to advise, explore and demonstrate throughout the tile selection process. Using their product knowledge on tiles, adhesives, grouts and trim detail they were able to create a bespoke specification to meet the needs and look required by the hotel lead design team.

The supply and fit package for Arena was worth £108k, involving tiling and screeding works. The works involved the supply and fit of glass mosaics, fully vitrified porcelain, tanking systems along with the latest wooden tiles offered by Porcelanosa.

The Thurlestone Hotel has been in the Grose family since 1896 and the managing director Graham Grose commented "We are delighted with the reaction we have had to the new spa. It's wonderful to get such positive feedback from guests, country club members and non residents. People have sophisticated expectations now in terms of level of luxury, facilities and treatments. We are pleased to have been able to have met them."

Arena are market leaders in offering high quality installations and finishes with a wealth of quality completed projects spanning the length and breadth of the UK and beyond.
